Hello!

Thanks for your interest in Osmo for the classroom!

Osmo is a learner-led iPad game system that uses physical objects and learning tools in conjunction with iPad. Teachers love Osmo’s versatility in the classroom and they way it fosters student learning in key areas like Social-Emotional, Creative Thinking, STEM, and Common Core.

We want to help teachers better integrate Osmo into their classrooms with both ease and fun. Osmo is now much more than just a game. It is a community, a resource, and a whole new way to teach.
What’s included in this Teacher’s Guide

Getting Started 4
Intro to Words, myWords, Tangram, Newton, Masterpiece, Numbers 5
Osmo Community Rewards 11
Grades Pre-K / 1st Lesson Plans 12
Grades 2nd / 3rd Lesson Plans 28
Grades 4th / 5th / 6th Lesson Plans 46
All Ages Lesson Plans 47
Where does Osmo fit in education?

Here are examples of types of programs where Osmo is being used to help children learn and play.

- Elementary classrooms, grades K-6
- Library / media center
- Homeschooling
- Special needs classrooms and programs
- Afterschool programs
- Technology clubs
- STEM curriculum
- Gifted programs
- Community Centers
- Maker Spaces
- Tutoring
- School therapists / Social Emotional Learning settings
- Speech and Occupational therapy clinics
- Camps

Purchase Information

To buy Osmo, visit www.playosmo.com.

For bulk order discounts or to use a purchase order, contact. Schools@Playosmo.com.

Set-Up

Once you have Osmo, setting up is easy and you'll find an instruction guide within each package.

You can also check out www.playosmo.com/en/start/

Help and Support

Contact us anytime. We love hearing from you.

General Support Email: Osmo@playosmo.com

General Support Phone: (408) 641-0044

Education or volume purchase: Schools@playosmo.com

Twitter: @playosmo

Getting Started

More than 2500 schools are using Osmo to learn and play.
Introduction to
Words, Tangram, Newton, Masterpiece, Numbers

Osmo Words is a fun problem-solving game that helps students practice spelling and critical thinking. It is customizable for any classroom which makes it the most versatile of all the apps because content vocabulary and specific spelling lists can be added. Students and teachers can become the game makers. Words provides an opportunity to practice teamwork skills because it can be effectively played by 2 teams of 4 students using a single iPad. It makes a great teaching tool for younger students and a fun review game for older students.

Modes

**Strategic Thinking:** Pre-populated list of nearly 1000 words and images available.
Inspired by Common Core spelling lists.

**Pre-Loaded albums:** Fruits & Veggies, Colors, Animals, Counting, Biomes, Recycling, Rocks & Minerals, Cloudy with Meatballs, Lilly's Purple Purse, Parts, Little Engine That Could, Goodnight Moon, Guess How Much I Love U, Short A 3-letter, Stellaluna, Baby Animals, Short A 4-letter, Short A 5-letter and more!

**Spelling:** Specifically designed for beginning readers, ages 4-5. Inspired by Common Core spelling lists.
Create custom Words albums with myOsmo

1. Register at my.playosmo.com
2. Go to myWords
3. Click “New Album”
4. Upload your desired photos
5. Add word choices for each photo
6. To make letters visible, enclose them in parenthesis like this: (moo)se
7. Once you are finished, go to your iPad and log in to myWords
8. Click on the album you have just created and click “Download to iPad” in the upper right corner
9. Congratulations! You can now play your custom Words album on your iPad
Real-time feedback with Tangrams.

Tangrams have challenged the minds of millions for centuries. **Tangram for Osmo** still uses classic wood puzzle pieces that interact with the iPad to give students real-time feedback. This game develops visual spatial abilities, nonverbal reasoning, fine motor skills, and executive functioning. Instant visual and auditory feedback promote self-correction and a sense of mastery, helping students build spatial relational skills.

**Visual:** Color recognition, pattern recognition, flipping / turning, 3D thinking, spatial relational, geometry.

**Extensive:** Advance and unlock over 600 challenging puzzles.

**Collaborative:** Students can help each other solve challenges.

**Modes**

**Classic:** 600 puzzles with 4 levels of difficulty - each puzzle uses all 7 tangrams.

**Junior:** 1 level of difficulty - each puzzle uses < 7 tangrams.
STEM learning
with Newton.

**Osmo Newton** allows you to use real life objects around you (i.e. paper and pen) to create structures that magically become part of the Osmo Newton gameplay. Advance through engineering design challenges by manipulating physical objects so that falling drops hit the targets while getting real-time feedback. Unique open play experience fosters creativity and problem solving at the same time. Students are exposed to physics and engineering concepts by predicting where the drops will bounce, estimating distance, and building structures to change the path of the drops so they hit the targets. There are limitless ways to win, allowing students to create without guidelines - a perfect fit for STEM and Maker movements. Also collaborative, students have fun helping each other to solve tough challenges.

**Modes**

**Classic:** 60 levels with increasing difficulty.
Masterpiece is a drawing tool that’s perfect for art class but also useful across other curriculum for creative projects like book reports and presentations. Fostering imagination and building confidence in creative work, students can draw anything they can imagine. Images are captured via camera or pulled from an internet search, making Masterpiece a modern drawing (or coloring) book. Masterpiece also allows multiple objects from the physical world and digital world (online images) to be combined to create completely new compositions. It nurtures spatial intelligence and builds confidence over time and is a great practice tool for drawing proportions. For young students, drawing can be a roadblock to self-confidence. Now students can feel good about their work. Also collaborative, Masterpiece makes an amazing time-lapse video of each of your drawings that are a fun and unique movie for you to share with friends and family!

**Modes**
- Infinite Library
- Camera capture
- Video Capture
Flexible math learning with Numbers

Osmo Numbers allows kids to arrange physical tiles, including dots and digits, to make numbers and complete levels. Add by putting more tiles, subtract by removing tiles and multiply by connecting tiles together. Experimenting becomes fast and intuitive. Numbers also helps kids develop confidence by playing math without the pressure of time or the fear that they’ll get the wrong answer. Osmo’s real-time feedback lets kids learn through experimentation in a stress-free environment. They also learn at their own pace, free to play in one mode until they're ready for the next. Don’t forget! When kids get the idea that there are multiple good ways to solve a problem, math becomes creative and fun. With a counting, addition, concatenation and multiplication mode, there is a challenge for everybody. The game features an engaging underwater world. Discover and collect over 90 beautiful fish of all kinds, from Rainbowfish to Frankenfish!

Modes
Counting
Addition
Concatenation
Multiplication
Osmo Community Rewards

Are you passionate about Osmo and want to go beyond the classroom? There are multiple ways to help other educators and get recognized for spreading Osmomania. Below are the requirements and rewards for every Osmo Community role. Pick a path and start today!

### Mentor
Submit 3 new lesson plans every semester and have at least 10 posts on the Teachers Forum at myOsmo.

### Advocate
Do a video testimonial or a workshop presentation or represent Osmo at a conference.

### Ambassador
Lead a purchase order of 10+ units or get featured in a press story that mentions Osmo or receive a grant.

| Welcome Gift Box* | ✔ | ✔ | ✔ |
| Goodie Tote* | ✔ | ✔ | ✔ |
| Osmo for Your Friends | 3x 20% coupons | 3x 20% coupons | 3x 20% coupons 2x 50% coupons |
| Recognition | Personal bio on published lesson plans | Dedicated tweet, blog post, or facebook post | Classroom Spotlight |
| Beta Testing Access | ✔ | ✔ | ✔ |
| Thank-You Gift* | | ✔ | ✔ |

*Welcome Gift Box will be given to all participating educators as soon as they have joined. Includes: Printed Teacher’s Guide, Osmo t-shirt, Osmo stickers, and more.

*Goodie Totes are given to all educators during their second semester of participation. Includes: Osmo Starter Kit, personal Osmo e-mail address, and everything above.

*A special Thank-You Gift will be given to Osmo Advocates and Ambassadors with exceptional performance that go above and beyond the set requirements.*

Pre-K / K / 1st Grade Curriculum

Our Pre-K to 1st grade Common Core-friendly lesson plans cover many of your early learners’ most important needs. We made sure Osmo would not only be enjoyable, but also flexible with every child’s learning style and individual pace. Use Osmo for your next lesson to help them read their first book or write their names!

**STEM**

- Add Animal Adaptations 13
- Collaborative Tangram (Level 1) (1st) 14
- Collaborative Tangram (Level 2) (1st) 15
- Discovering Shapes (Pre-K / K) 16
- Playing Osmo Numbers with Red/Yellow Counters (Pre-K / K / 1st) 17
- Sort Objects for Recycling (K / 1st) 18

**Phonics**

- Short A CVC Words (Pre-K / K) 18
- Short A 4-Letter Words (1st) 19
- Short A Practice (K / 1st) 20
- Short Vowel “A” Race (K / 1st) 21
- What is the Next Letter in the alphabet? (Pre-K) 22

**Reading**

- “Goodnight Moon” (Pre-K / K) 23
  By Margaret Wise Brown
- “Guess How Much I Love You” (K / 1st) 24
  By Sam McBratney
- “The Little Engine That Could” (K / 1st) 25
  By Watty Piper

**Handwriting**

- How Do I Write My Name? (Pre-K / K) 26
Add Animal Adaptations

By Jennifer A., Montclaire Elementary School

**Activity**

1. Individual students or small groups choose an animal photo from the Masterpiece gallery, use an animal photo of their choice from the camera roll, or take a photo of an animal.

2. Students use the Masterpiece app to draw the animal.

3. Students label existing adaptations of the animal that provide protection. For example, on a skunk they might note the spray.

4. In a different color students add additional adaptations not present on the animal but found on other animals. The teacher can differentiate the number of additional adaptations that should be added (1-4 is suggested so the picture is not too confusing). These adaptations should be labelled as well.

5. **Bonus** Students can explain how the additional adaptations they chose to add would benefit the animal.

6. **Modification** First grade students could add adaptations to outlines of humans to protect them from different life situations such as snowstorms or riding a skateboard.

**Grades**
K to 5th

**Environment**
Individual stations, Groups of 2-3

**Materials**
Osmo base + Osmo Masterpiece app + iPad 2 or higher + Variety of objects + Writing utensils in different colors

**Objective**
Students are able to identify adaptations on a given animal that provide it protection and they add additional adaptations (that exist on other animals) to afford it additional protection.

Collaborative Tangram (Level 1)
By Jennifer A., Montclaire Elementary School

Grades
1st

Environment
Student pairs

Materials
Osmo base + Osmo Tangram app + Tangram tiles + iPad 2 or higher

Objective
Students will work together to complete a Tangram puzzle.

1.G.1
1.G.2
SL.1.1
SL.1.3

Activity

1. To begin students select a puzzle from easy mode (yellow). Student A selects a Tangram piece and hands it to Student B.

2. Student B places the Tangram piece in the correct location.

3. Student A hands Student B another piece and Student B places the piece. This process continues until the puzzle is complete. Student A always selects the piece to be used next and Student B always determines where the piece goes.

4. Discuss that since they are working as a team, Student A can benefit the team by choosing a piece he/she thinks will be easy to place next. Student B can benefit the team by thinking about where that piece best fits.

5. When the pairs have mastered the process of each doing their part, pairs can move to puzzles in medium mode (orange) and then to puzzles in hard mode (red).

6. After a set period of time (suggestion 10-15 minutes) students switch roles.
Collaborative Tangram (Level 2)
By Jennifer A., Montclaire Elementary School

Activity

1. To begin students select a puzzle from easy mode (yellow). Student A will be the “piece mover” and Student B will be the “talker.”
2. Student A selects a Tangram piece and Student B directs Student A where to put it. This might involve directions and vocabulary such as rotate, flip, and diagonal.
3. Student A may only place a piece when directed where and how to do so by Student B. This process continues until the puzzle is complete. Student A always touches the pieces while Student B gives directions about what to do with the pieces.
4. Discuss that since they are working as a team, Student A can benefit the team by choosing a piece he/she thinks will be easy to place next and also listening carefully and following directions. Student B can benefit the team by thinking about where that piece best fits and giving clear and precise directions.
5. When the pairs have mastered the process of each doing their part, pairs can move to puzzles in medium mode (orange) and then to puzzles in hard mode (red).
6. After a set period of time (suggestion 10-15 minutes) students switch roles.

Grades
1st

Environment
Student pairs

Materials
Osmo base + Osmo Tangram app + Tangram tiles + iPad 2 or higher

Objective
Students will work together to complete a Tangram puzzle.

2.G.1
3.G.1
SL.2.1
SL.2.3
SL.3.1
SL.3.3
Discovering Shapes

By Osmo

Grades
Pre-K / 1st

Environment
Individual station, Groups of 2-3, or whole class using projector

Materials
Osmo base + Osmo Tangram app + Tangram tiles + iPad 2 or higher

Objective
Familiarize your students with shapes, colors, and exciting puzzles with this lesson. This is a great introduction to Osmo Tangram and the art of tangram for beginner learners.

Activity
1. Have your students start either individually or together on ‘Introduction to Tangram.’ The game will lead them through 13 puzzles starting with two shapes and ending with six shapes. Go around asking students to identify the shapes and colors. If you'd like, you can go through ‘Introduction to Tangram’ altogether as a class by playing it on the projector.

2. Then play ‘Tangram’ and choose ‘Easy.’ Students will journey the Tangram world by solving animal puzzles that will eventually take them to the castle, which contains three puzzles of either humans or objects. Unlocking a castle will give them a treasure chest filled with extra hint points!

3. Throughout the lesson, ask students to identify shapes, colors, and the bigger shapes that two smaller shapes come together to create. Look out for the orange parallelogram - the trickiest shape!

CCSS.MATH.CONTENT.K.G.A.1
CCSS.MATH.CONTENT.K.G.A.2
CCSS.MATH.CONTENT.K.G.A.3
CCSS.MATH.CONTENT.K.G.B.6
CCSS.MATH.CONTENT.1.G.A.1
## Activity

Set up Osmo station(s) and introduce the counter tiles to students; a red counter represents the number 5 and a yellow counter represents the number 1.

1. Open the Numbers app and go to the Settings menu.
2. Click on the gear icon on the upper left of the game screen. Check at the bottom of the screen to make sure “Extra Input” is enabled.
3. Go to the main menu and locate the COUNT section.
4. Select the first level: Goldfish Gulf
5. Using the counters, students will create the numbers that they seen in the bubbles that are closest to the water on the screen.
6. As students build numbers correctly, the bubbles will pop and they will earn achievements and move to other levels with greater numbers. If they get stuck, they will get real-time feedback about their work at the bottom of the screen.
7. While the children are playing the game, discuss the strategies they use to make decisions. Promote discussion by asking “Why did you build the Numbers using those counters?” or “If you had built the number in a different way would your score be better or not? How do you know?”
Sort Objects for Recycling
By Jennifer A., Montclair Elementary School

Grades
K - 5

Environment
Individual station / Groups of 2-3

Materials
Osmo base + Masterpiece for Osmo app + iPad version 2 or higher + Various objects + Writing utensils of different colors

Objective
Students will show that they can classify items into trash/landfill, glass, paper, plastic, metal, and compost (or a differentiated/abbreviated set of categories determined by the teacher).

Next Generation Science Standards:
K-ESS3-5
S-ESS3-1

Activity

Part 1 - Before the Lesson
1. As the teacher gather a variety of items that can be recycled or are trash. Depending on the ability of your students you could also include items for composting. Boxes, plastic silverware, aluminum foil, glass and plastic bottles, banana peels, newspaper, xerox paper that has been used on both sides, cans, and pencil stubs are some examples of what you might include.
2. Set out the items, differentiating the number of items based on your students. You could also let students choose their own items.

Part 2 - Review Recycling
1. Individual students or small groups take a picture of the arranged items.
2. Students use the Masterpiece app to draw the items.
3. Students then use different colors to circle each item depending on how it should be sorted for recycling. For example, glass items might be circled in blue, paper in green,
4. Students should include a key explaining what sorted group each color represents.
5. Bonus Teacher determines which categories to include and how many items students should sort.
Phonics

Short A CVC Words
By Osmo

**Grades**
- K

**Environment**
- Individual station, groups of 2-3, or whole class using projector

**Materials**
- Osmo base + Letter tiles + Osmo Words app + iPad 2 or higher.

**Objective**
- Students will learn to identify, pronounce, and spell basic CVC words with the short letter ‘A.’

**Activity**

**Part 1 - Before the Lesson**
1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar: https://my.playosmo.com/words/public/album/1k5h0utpp1c
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

**Part 2 - After reviewing consonant sounds and the short letter ‘A’ to students**
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘Short A 3-Letter’
3. Hit ‘Play’
4. For each photo, encourage students to read the word aloud.
5. When you notice a wrong letter, take the time to compare the sound of the wrong letter with the right letter.
6. For students that have finished earlier or need a challenge, have them switch to ‘Medium’ or ‘Hard’ in settings.

**CCSS**
- L.K.2.C
- L.K.2.D
- RF.K.1.B
- RF.K.2.D
- RF.K.3a.I

**Difficulty Levels**
- **Easy**: 1 letter missing
- **Medium**: 2 letters missing
- **Hard**: Guess the entire word
- **Very hard**: None

By Osmo
Activity

Part 1 - Before the Lesson

1. Go to www.my.playosmo.com/words on the iPad
2. Create an account or log in
3. Enter link in the URL bar: https://my.playosmo.com/words/dashboard/album/1qaan15efpc
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2

Students will look picture and cloze sentence to identify missing word. They then will use letter tiles to spell out missing word.
Phonics

Short A 4-Letter Words with Digraphs
By Osmo

Grades
K

Environment
Individual station, groups of 2-3, or whole class using projector

Materials
Osmo base + Letter tiles + Osmo Words app + iPad 2 or higher

Objective
Students will learn to pronounce and spell 4-letter words with the short letter ‘A.’

*CCSS RF.K.1.B
*CCSS RF.K.3.A
*CCSS RF.K.3.D
*CCSS RF.1.2.C
*CCSS RF.1.2.D
*CCSS RF.1.3.A
*CCSS RF.1.3.B
*CCSS L.K.2.D

Digraphs
-mp, -nk, -nd, th, -sk, tr-

Difficulty Levels
Easy: 1 letter missing
Medium: 2 letters missing
Hard: Guess the entire word
Very hard: None

Activity

Part 1 - Before the Lesson
1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar:
   https://my.playosmo.com/words/public/album/1kpo5uav5kw
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.
   *If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2 - After reviewing digraph sounds and the short letter ‘A’ to students
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘Short A 4-Letter’
3. Hit ‘Play’
4. For each photo, encourage students to sound out the word aloud before picking a letter tile.
5. For students that have finished earlier or need a challenge, have them switch to ‘Medium’ or ‘Hard’ in settings.
Phonics

Short Vowel “A” Race
By Osmo

Activity

Part 1 - Before the Lesson
1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Scroll down to ‘Public Albums’
4. Click on ‘Short A 3-Letter’
   *‘Short A 4-Letter’ can be used for a challenge
5. Click ‘Download’

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2 - After a lesson or introduction on vowels and tapping out words
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘Short A 3-Letter’
3. Hit ‘Play’
4. Have students compete or work together to figure out the picture, sounds, and letter tiles needed. If a student is struggling, have a teammate help them tap the word and/or locate the correct letter tile.
5. Challenge Download the ‘Short A 4-Letter’ album. You can also create your own album of Short Vowel pictures that use the other four vowels to replicate this activity.

Grades
K-1

Environment
Groups of 1-4, Whole Class (split into teams)

Materials
Osmo base + Letter tiles + Osmo Words app + iPad 2 or higher

Objective
Students will be able to identify a picture, tap out sounds, determine the letters needed to build the word that represents the picture.

CCSS.ELA-LITERACY.L.K.2.D
Phonics

What is the Next Letter in the Alphabet?

By Osmo

Activity

Part 1 - Before the Lesson

1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar: https://my.playosmo.com/words/public/album/1dx7imj9y4g
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2 - Sing the ABC’s with your students!

1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘Next letter in the alphabet?’
3. Hit ‘Play’
4. Students look at the letter on the screen and then must place the next letter tile. Give them hints by singing the song with them or narrowing down to 3-5 letter tiles.
5. Look out for the tricky “LMNOP” scramble! If needed, take a pause in the middle of the activity to go over “LMNOP” altogether.
6. Observe repeated mistakes that you can review at the end of the class.

Grades
Pre-K / K

Environment
Individual station, Groups of 2-3, or whole class using projector

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher

Objective
Help your students remember the next letter in the alphabet with this easy lesson plan.

CCSS RF.K.1.D

Difficulty Levels
Easy: Next letter
Medium: None
Hard: None
Very hard: None
“Goodnight Moon” by Margaret Wise Brown

By Osmo

Grades
Pre-K / K

Environment
Individual station, Groups of 2-3, or whole class using projector

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher + “Goodnight Moon” by Margaret Wise Brown

Objective
Using framework of Common Core, students will learn new concepts from classic children's books.

CCSS RL.K.7
CCSS RF.K.3.A
CCSS RF.K.3.B
CCSS L.K.2.D

Difficulty Levels
Easy: 1-3 consonants missing
Medium: Entire word for regular spelling, 1 syllable words
Hard: Entire word for irregular spelling, 2+ syllable words
Very hard: None

Activity

Part 1 - Before the Lesson
1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar:
   https://my.playosmo.com/words/public/album/1f39aymhkhs
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2 After reading “Goodnight Moon” aloud
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘Goodnight Moon’
3. Hit ‘Play’
4. Students guess and match the correct letters for keywords in the book.
5. If additional copies of the book are available, give a book to each group or student so that they may refer back to the book when they get stuck.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.*

**Part 2 - After reading “The Little Engine That Could” aloud**
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘The Little Engine That Could’
3. Hit ‘Play’
4. Students guess and match the correct letters for keywords in the book.
5. If additional copies of the book are available, give a book to each group or student so that they may refer back to the book when they get stuck.
How Do I Write My Name?

By Osmo

Grades
Pre-K / K

Environment
Individual station *For this activity, we recommend adult supervision

Materials
Osmo base + Masterpiece app + iPad 2 or higher + Writing Utensil(s).

Nametag cutouts on construction paper

Each student’s name printed largely on a separate sheet of paper

Objective
Students will learn to write their names and create their very own nametag.

CCSS L.K.1.A
CCSS L.1.1.A
CCSS L.1.2.A

Bonus Lesson
Students can also trace individual letters of their names by using the print uppercase and lowercase letter templates in the Misc. gallery of Masterpiece.

Activity

Have a group discussion about names and how important it is to have names on things and be able to read each other’s names.

1. Separate students into groups of 2-3 with set of supplies at each station.

2. Give each station a mini-demo about taking a photo with Masterpiece and then pressing the green button to start drawing.

3. Then, have each student take a photo of their names with Masterpiece. Instruct the class to then place the iPad back onto the Osmo base and start tracing!

4. You can have students first practice for 5 - 10 minutes on regular paper. Once they are ready, they can write their name onto the actual nametag cutout with markers or crayons.

5. When they are done, tell them to click the tiny check button in the lower right of the screen and then the green button. Watch their reaction as they watch a timelapse video of them writing their names!

6. You can then send each child’s video to yourself or their parents by clicking ‘Share’ or just save it to the iPad camera roll.
# 2nd / 3rd Grade Curriculum

Instill creativity into your students and help boost their logic skills with these creative Osmo lesson plans. We hope these Common Core-friendly lesson plans not only help you integrate Osmo into your classroom, but also inspire you for endless Osmo-fueled fun!

Add Animal Adaptations
By Jennifer A., Montclaire Elementary School

**Grades**
K to 5th

**Environment**
Individual stations, Groups of 2-3

**Materials**
Osmo base + Osmo Masterpiece app + iPad 2 or higher + Variety of objects + Writing utensils in different colors

**Objective**
Students are able to identify adaptations on a given animal that provide it protection and they add additional adaptations (that exist on other animals) to afford it additional protection.

1. **Activity**
   1. Individual students or small groups choose an animal photo from the Masterpiece gallery, use an animal photo of their choice from the camera roll, or take a photo of an animal.
   2. Students use the Masterpiece app to draw the animal.
   3. Students label existing adaptations of the animal that provide protection. For example, on a skunk they might note the spray.
   4. In a different color students add additional adaptations not present on the animal but found on other animals. The teacher can differentiate the number of additional adaptations that should be added (1-4 is suggested so the picture is not too confusing). These adaptations should be labelled as well.
   5. **Bonus** Students can explain how the additional adaptations they chose to add would benefit the animal.
   6. **Modification** First grade students could add adaptations to outlines of humans to protect them from different life situations such as snowstorms or riding a skateboard.

1-LS1-1
3-LS4-2
4-LS1-1
2-LS4-1
Change of Seasons or Time of Day
By Jennifer A., Montclaire Elementary School

Activity

1. Have each student or group of students take a photo outside using the Masterpiece app. The photo should show items that reflect a particular time of day, such as shadows, or a particular season, such as new buds on a tree.

2. The student or group of students will trace their scene. However, they should alter the scene to show a different time of day, such as different shadows or the absence of shadows, or a different season, such as showing fall leaves on the tree.

3. The student or group of students color the picture to reflect the new season.

4. Bonus Students write about the change(s) they made in their drawing and why.
Collaborative Tangram (Level 1)

By Jennifer A., Montclaire Elementary School

**Grades**
2nd / 3rd

**Environment**
Student pairs

**Materials**
Osmo base + Osmo Tangram app + Tangram tiles + iPad 2 or higher

**Objective**
Students will work together to complete a Tangram puzzle.

2.G.1
3.G.1
SL.2.1
SL.2.3
SL.3.1
SL.3.3

---

**Activity**

1. To begin students select a puzzle from easy mode (yellow). Student A selects a Tangram piece and hands it to Student B.

2. Student B places the Tangram piece in the correct location.

3. Student A hands Student B another piece and Student B places the piece. This process continues until the puzzle is complete. Student A always selects the piece to be used next and Student B always determines where the piece goes.

4. Discuss that since they are working as a team, Student A can benefit the team by choosing a piece he/she thinks will be easy to place next. Student B can benefit the team by thinking about where that piece best fits.

5. When the pairs have mastered the process of each doing their part, pairs can move to puzzles in medium mode (orange) and then to puzzles in hard mode (red).

6. After a set period of time (suggestion 10-15 minutes) students switch roles.
Collaborative Tangram (Level 2)
By Jennifer A., Montclaire Elementary School

**Activity**

1. To begin students select a puzzle from easy mode (yellow). Student A will be the “piece mover” and Student B will be the “talker.”

2. Student A selects a Tangram piece and Student B directs Student A where to put it. This might involve directions and vocabulary such as rotate, flip, and diagonal.

3. Student A may only place a piece when directed where and how to do so by Student B. This process continues until the puzzle is complete. Student A always touches the pieces while Student B gives directions about what to do with the pieces.

4. Discuss that since they are working as a team, Student A can benefit the team by choosing a piece he/she thinks will be easy to place next and also listening carefully and following directions. Student B can benefit the team by thinking about where that piece best fits and giving clear and precise directions.

5. When the pairs have mastered the process of each doing their part, pairs can move to puzzles in medium mode (orange) and then to puzzles in hard mode (red).

6. After a set period of time (suggestion 10-15 minutes) students switch roles.
**Grandfather Tang’s Story (beginner)**

**By Osmo**

**Activity**

1. Read aloud Grandfather Tang's Story and explain to students that a tangram is an ancient Chinese puzzle.

2. Introduce the 7 tangram pieces, counting the number of sides they have to practice Common Core Standards.
   - 2 large triangles - red and blue
   - 1 medium triangle - green
   - 2 small triangles - purple and teal
   - 1 square - yellow
   - 1 parallelogram - orange

3. Let them know that just like Grandfather Tang did in the book, they will also be creating various animals, shapes, objects, and humans with tangram.

4. Start the Tangram app and go to ‘Tangram’

5. Have them start on ‘Easy’ and solve a few animal puzzles. However, when the orange bubbles start to appear, instruct them to start solving the orange puzzles unless they find them too difficult.

6. By the end of class, the majority of students should have solved at least 5-8 orange puzzles and 1 castle puzzle! You can have them go back to the game anytime to continue their progress.

**Grades**
2nd / 3rd

**Environment**
Individual stations, Groups of 2-3, or whole class using projector

**Materials**
Osmo base + Osmo Tangram app + Tangram tiles + iPad 2 or higher + “Grandfather Tang’s Story” by Ann Tompert

**Objective**
Grandfather Tang’s Story and Osmo Tangram make teaching geometry both easy and creative. By the end of the lesson plan, your students will be familiar with basic geometry and how shapes can turn into bigger things!

CCSS 1.G.2
CCSS 2.G.1
Playing Osmo Numbers with Red/Yellow Counters

By Osmo and Houghton Mifflin Harcourt

**Activity**

Set up Osmo station(s) and introduce the counter tiles to students; a red counter represents the number 5 and a yellow counter represents the number 1.

1. Open the Numbers app and go to the Settings menu.
2. Click on the gear icon on the upper left of the game screen. Check at the bottom of the screen to make sure “Extra Input” is enabled.
3. Go to the main menu and locate the COUNT section.
4. Select the fourth level: Blenny Bay
5. Using the counters, students will build numbers 14 through 14 seen in the bubbles that are closest to the water on the screen.
6. As students build numbers correctly, the bubbles will pop and they will earn achievements and move to other levels with greater numbers. As an aide, they will get real-time feedback about their work at the bottom of the screen.
7. While the children are playing the game, discuss the strategies they use to make decisions. Promote discussion by asking “Why did you build the Numbers using those counters?” or “If you had built the number in a different way would your score be better or not? How do you know?”

**Grades**

2nd / 3rd

**Environment**

Individual stations, Groups of 2-3, Classroom with projector

**Materials**

Osmo base + HMH red/yellow counters + Osmo Numbers app + iPad version 2 or later

**Objective**

This lesson coincides with 3 levels of Osmo Numbers: Blenny Bay, Clownfish Coast, Betta Bluff, Butterfly Beach, Seahore Strait. As children build numbers using referent numbers, they find various ways to represent the numbers and develop strong number skills.

Sort Objects for Recycling
By Jennifer A., Montclair Elementary School

Grades
K - 5

Environment
Individual station / Groups of 2-3

Materials
Osmo base + Masterpiece for Osmo app + iPad version 2 or higher + Various objects + Writing utensils of different colors

Objective
Students will show that they can classify items into trash/landfill, glass, paper, plastic, metal, and compost (or a differentiated/abbreviated set of categories determined by the teacher).

Activity

Part 1 - Before the Lesson
1. As the teacher gather a variety of items that can be recycled or are trash. Depending on the ability of your students you could also include items for composting. Boxes, plastic silverware, aluminum foil, glass and plastic bottles, banana peels, newspaper, xerox paper that has been used on both sides, cans, and pencil stubs are some examples of what you might include.
2. Set out the items, differentiating the number of items based on your students. You could also let students choose their own items.

Part 2 - Review Recycling
1. Individual students or small groups take a picture of the arranged items.
2. Students use the Masterpiece app to draw the items.
3. Students then use different colors to circle each item depending on how it should be sorted for recycling. For example, glass items might be circled in blue, paper in green,
4. Students should include a key explaining what sorted group each color represents.
5. **Bonus** Teacher determines which categories to include and how many items students should sort.
Spelling

How Do You Spell Tomato?
By Osmo

Grades
2nd / 3rd

Environment
Individual or station, Groups of 2-3

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher

Objective
CCSS R.F.2.3.B.
CCSS L.2.2.D
CCSS L.3.1.B
CCSS L.3.2.E
CCSS L.3.2.F

Spelling Words
pineapple  strawberry  mango
mushroom  kiwi  banana
cherry  watermelon  broccoli
corn  pear  lettuce
onion  tomato  apple

Difficulty Levels
Easy: 1-3 consonants for common fruits and vegetables
Medium: 50-75% of the word for all fruits and vegetables
Hard: Entire word
Very hard: Entire word in plural form

Activity

Part 1 - Before the Lesson
1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar: https://my.playosmo.com/words/public/album/1jq24rqaoe8
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘Fruits & Veggies’
3. Hit ‘Play’
4. Have students start on ‘Easy’ on Zen mode. This encourages teamwork in a learning environment.
5. After one round, have them play ‘Medium’ on Versus mode. Remind them that some fruits and vegetables have short and long names, such as ‘peas’ and ‘green peas.’
6. Challenge them to play ‘Hard’ or ‘Very Hard’ if they finish early or during break time.
Spelling

Spell That Animal!
By Osmo

Grades
2nd / 3rd

Environment
Individual or station, Groups of 2-3

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher

Rules for Plural Nouns
By Jennifer A., Montclaire Elementary School

Grades
2nd / 3rd

Environment
Learning Stations, Groups of 2-3

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher

Objective / Common Core Standards
CCSS L.2.1B
CCSS L.2.2.D
CCSS L.3.1.B
CCSS L.3.2.E
CCSS L.3.2.F

Suggested verb list:
Nouns ending in s/x/sh/ch: brushes, boxes, buses, benches, witches, dishes, lunches
Nouns ending in consonant + y: dictionaries, candies, stories, copies, babies
Nouns ending in f or fe: knives, calves, shelves, leaves
Irregular nouns: feet, women, mice, children, fish
Regular nouns: phones, pencils, desks, forks, spoons, baskets

Activity

Part 1 - Before the Lesson
1. Go to my.playosmo.com/words on the iPad
2. Create an account
3. Click “Create your own”
4. Upload a picture for each noun (using suggested list)
5. Then, click on it and input the plural noun
6. Click ‘Download’ to install to the iPad.
7. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using more than 1 iPad, you will have to go to my.playosmo.com/words on each iPad, log in, and download the album for each iPad

Part 2 - Review rules for making nouns plural
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only the album you created
3. Hit ‘Play’
4. Have students start on easy level on Zen mode. This encourages teamwork in a learning environment.
5. After one round, have them play medium level on Zen mode.
6. If there is time, challenge them to play medium level on Versus mode.
Reading

Comic Summary
By Julie Leverington, Watkins Elementary School

Grades
3rd

Environment
Individual station

Materials
Osmo base + Masterpiece for Osmo app + iPad version 2 or higher + Crayons + Markers + Drawing paper

Objective
Students will use Osmo to create a summer of my story.

ELA-LITERACY.RL.4.7

Activity

1. Choose a book for your class or have students choose a book themselves.
2. Set up Osmo and open Masterpiece app.
3. Tell students to draw the main character and setting of the book they read using Osmo Masterpiece's Gallery in the format of a comic book using squares.
4. If they are unable to find relevant images in the Gallery, tell them to take a photo of illustrations from the book and use it to draw with Masterpiece.
5. **Modification** Students can draw a summary of the plot by drawing a main event of the book within each square.
Reading

“Cloudy with a Chance of Meatballs” by Judi Barrett

By Osmo

Grades
2nd / 3rd

Environment
Individual station, Groups of 2-3, or whole class using projector

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher + “Cloudy with a Chance of Meatballs” by Judi Barrett

Objective
Using framework of Common Core, students will learn new concepts from classic children’s books.

RL.2.7
RL.3.7
RF.2.3.F
L.2.2.D
L.3.2.F

Difficulty Levels
Easy: Easy to guess
Medium: Less obvious
Hard: Entire word for less obvious words, compound words
Very hard: None

Activity

Part 1 - Before the Lesson

1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar:
   https://my.playosmo.com/words/public/album/1jnvo23x4hs
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2 - After reading “Cloudy with a Chance of Meatballs” aloud

1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘Cloudy with Meatballs’
3. Hit ‘Play’
4. Students guess and match the correct letters for keywords in the book. Encourage them to use their letter tiles wisely by using common vowels and consonants first.
5. If additional copies of the book are available, give a book to each group or student so that they may refer back to the book when they get stuck.
Reading

“Lilly’s Purple Plastic Purse” by Kevin Henkes

By Osmo

Grades
2nd / 3rd

Environment
Individual station, Groups of 2-3, or whole class using projector

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher + “Cloudy with a Chance of Meatballs” by Judi Barrett

Objective
Using framework of Common Core, students will learn new concepts from classic children’s books.

RL.2.7

Part 2 - After reading “Lilly’s Purple Plastic Purse” aloud
1. Ask students how they felt on their first day of school. Connect with them about Lilly’s behavior before and after.
2. Open the Osmo Words app and click on ‘Library’
3. Deselect all other albums and select only ‘Lilly’s Purple Purse’
4. Hit ‘Play’
5. Students guess and match the correct letters for keywords in the book. Encourage them to use their letter tiles wisely by using common vowels and consonants first.
6. Some photos may be hard to guess - be ready to give hints!
How Do I Write My Name in Cursive?

By Osmo

Activity

Have a group discussion about names and how important it is to have names on things and be able to read each other’s names.

1. Separate students into groups of 2-3 with set of supplies at each station.

2. Tell your students to open the Masterpiece app and click on the ‘Misc’ folder in the Gallery (it has the U.S. map on it).

3. Then, have them practice tracing each letter in their name in cursive by using the cursive letter templates in the ‘Misc’ folder. This may take some getting used to if they are not familiar with Masterpiece!

4. Once they are ready, they can write their full name onto the actual nametag cutout with markers or crayons - whether or not they should continue using the letter templates is up to you.

5. When they are done, tell them to click the tiny check button in the lower right of the screen and then the green button. Watch their reaction as they watch a timelapse video of them practicing cursive!

6. You can then send each child’s video to yourself or their parents by clicking ‘Share’ or just save it to the iPad camera roll.

Grades
2nd / 3rd

Environment
Individual station *For this activity, we recommend adult supervision

Materials
Osmo base + Masterpiece app + iPad 2 or higher + Writing Utensil(s).

Nametag cutouts on construction paper

Objective
Students will practice writing in cursive by tracing cursive letter templates provided in the Masterpiece app. Then, they will create their very own nametags in cursive.
4th / 5th / 6th Grade Curriculum

From photosynthesis to phonics, Osmo supplementary lesson plans are Common Core friendly and will cover various subjects for all age levels so that you can easily integrate Osmo into your curriculum.

Add Animal Adaptations
By Jennifer A., Montclaire Elementary School

Grades
K to 5th

Environment
Individual stations, Groups of 2-3

Materials
Osmo base + Osmo Masterpiece app + iPad 2 or higher + Variety of objects + Writing utensils in different colors

Objective
Students are able to identify adaptations on a given animal that provide it protection and they add additional adaptations (that exist on other animals) to afford it additional protection.

Activity
1. Individual students or small groups choose an animal photo from the Masterpiece gallery, use an animal photo of their choice from the camera roll, or take a photo of an animal.
2. Students use the Masterpiece app to draw the animal.
3. Students label existing adaptations of the animal that provide protection. For example, on a skunk they might note the spray.
4. In a different color students add additional adaptations not present on the animal but found on other animals. The teacher can differentiate the number of additional adaptations that should be added (1-4 is suggested so the picture is not too confusing). These adaptations should be labelled as well.
5. Bonus Students can explain how the additional adaptations they chose to add would benefit the animal.
6. Modification First grade students could add adaptations to outlines of humans to protect them from different life situations such as snowstorms or riding a skateboard.
**Change of Seasons or Time of Day**

By Jennifer A., Montclair Elementary School

**Grades**
2nd to 5th

**Environment**
Individual stations, Groups of 2-3

**Materials**
Osmo base + Osmo Masterpiece app + iPad 2 or higher + Writing utensil(s)

**Objective**
Students will take a photo outside showing a particular season or time of day. They will trace the scene using Masterpiece but will change items as necessary to show the scene in a different season or at a different time of day.

**Activity**

1. Have each student or group of students take a photo outside using the Masterpiece app. The photo should show items that reflect a particular time of day, such as shadows, or a particular season, such as new buds on a tree.

2. The student or group of students will trace their scene. However, they should alter the scene to show a different time of day, such as different shadows or the absence of shadows, or a different season, such as showing fall leaves on the tree.

3. The student or group of students color the picture to reflect the new season.

4. **Bonus** Students write about the change(s) they made in their drawing and why.

2LS41
2ESS11
3LS11
3ESS21
5ESS12
5ESS21
Activity

Part 1

1. Demonstrate Newton for Osmo. Students will gather around 1 Osmo and iPad station, or you can use a projector to demo the game.

2. Set up multiple stations of Newton and form groups of students.

3. Groups will be instructed to choose objects from around the classroom for their classmates to try and solve Newton puzzles. Ideas: math tangibles like base 10 blocks; paper and scissors to make cut out shapes; tangram pieces.

4. Using a piece of paper, students will write down why they chose the items they chose, and rate the difficulty of using this object on a scale of 1-5. (Will set this aside for later.)

Part 2

1. Students rotate through each station, playing the game using tangible objects that were chosen by classmates.

2. After each station, the students also rate the difficulty on a scale of 1-5.

3. Once rotations are complete, have a class discussion about why they chose the objects they did and the perceived difficulty level. Bonus: Students can brainstorm possible objects to use for a subsequent lesson.
Grandfather Tang’s Story (advanced)
By Osmo

Activity
1. Read aloud Grandfather Tang’s Story and explain to student that a tangram is an ancient Chinese puzzle.
2. Introduce the 7 tangram pieces, counting the number of sides they have to practice Common Core Standards.
   - 2 large triangles - red and blue
   - 1 medium triangle - green
   - 2 small triangles - purple and teal
   - 1 square - yellow
   - 1 parallelogram - orange
3. Let them know that just like Grandfather Tang did in the book, they will also be creating various animals, shapes, objects, and humans with tangram.
4. Start the Tangram app and go to ‘Tangram’
5. Have them start on ‘Medium’ and solve a few puzzles. However, when the red bubbles start to appear, instruct them to start solving the red puzzles unless they find them too difficult.
6. By the end of class, the majority of students should have solved at least 5-8 red puzzles and 1 castle puzzle! You can have them go back to the game anytime to continue their progress.
Sort Objects for Recycling
By Jennifer A., Montclair Elementary School

**Activity**

**Part 1 - Before the Lesson**

1. As the teacher gather a variety of items that can be recycled or are trash. Depending on the ability of your students you could also include items for composting. Boxes, plastic silverware, aluminum foil, glass and plastic bottles, banana peels, newspaper, xerox paper that has been used on both sides, cans, and pencil stubs are some examples of what you might include.

2. Set out the items, differentiating the number of items based on your students. You could also let students choose their own items.

**Part 2 - Review Recycling**

1. Individual students or small groups take a picture of the arranged items.

2. Students use the Masterpiece app to draw the items.

3. Students then use different colors to circle each item depending on how it should be sorted for recycling. For example, glass items might be circled in blue, paper in green,

4. Students should include a key explaining what sorted group each color represents.

5. **Bonus** Teacher determines which categories to include and how many items students should sort.

Next Generation Science Standards:

- K-ESS3-5
- 5-ESS3-1
Mastering Vocabulary that Starts with “A” (4th)

By Osmo

Activity

Part 1 - Before the Lesson
1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar: https://my.playosmo.com/words/public/album/1f3dbldu3uo
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2 - After introducing/reviewing vocab words
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘4th grade vocab’
3. Hit ‘Play’
4. First, students will have to identify the vocabulary word based on its definition on ‘Easy.’ If they are already familiar with the words, have them play on Versus mode. If not, they can play a more friendly and collaborate round on Zen mode.
5. Next, have them play on ‘Medium’ and guess the words based on sentence context.
6. This activity is great for review, practice, and extra help!
**Vocabulary**

**Mastering Vocabulary that Starts with “A” (5th)**

**Terms**

abolish    altitude
absurd     antagonist
abuse      antonym
access     anxious
accomplish approximate
achievement aroma
aggressive assume
alternate   astound

**Difficulty Levels**

Easy: Definition
Medium: Fill in the blank
Hard: None
Very hard: None

---

**Activity**

**Part 1 - Before the Lesson**

1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar:
   https://my.playosmo.com/words/public/album/1plf5rp8b9c
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

**Part 2 - After introducing/reviewing vocab words**

1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘5th grade vocab’
3. Hit ‘Play’
4. First, students will have to identify the vocabulary word based on its definition on ‘Easy.’ If they are already familiar with the words, have them play on Versus mode. If not, they can play a more friendly and collaborate round on Zen mode.
5. Next, have them play on ‘Medium’ and guess the words based on sentence context.
6. This activity is great for review, practice, and extra help!
Geography

Identifying Biomes

By Osmo

Grades
4th / 5th / 6th

Environment
Individual stations, Groups of 2-3

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher

MyWords Album: Biomes

Objective
Students will learn to identify and discern key geographical features of each biome as well as spelling.

Terms
desert
taiga
tundra
temperate
savannah
chaparral
grassland
rainforest

Activity

Part 1 - Before the Lesson
1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar:
   https://my.playosmo.com/words/public/album/1jy0sh4nnr4
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2 - After teaching about biomes
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘Biomes’
3. Hit ‘Play’
4. Have students compete or work together to figure out the term and its spelling. Some might need to have additional material to refer back to for definitions and descriptions.
5. When students are stuck, encourage them to use process of elimination from a glossary or vocabulary list.
6. After everyone is finished, go over one round of the game altogether to answer questions and highlight each biome’s unique traits.

Difficulty Levels
For this lesson, the difficulty levels are not that different from each other.
**Geography**

**I Know My State**

By Rita M., Verona Area High School

**Grades**
4th / 5th / 6th

**Environment**
Individual or station *Max 1 student per iPad at a time*

**Materials**
Osmo base + Masterpiece for Osmo app + iPad
Crayons, Colored Pencils, Scissors

**Objective**
Students master facts on states and then educate fellow classmates.

**Activity**

1. Students will each be assigned one of the 50 states of the United States (or they will pick one out of a jar). Once they pick their state, they will find a picture of it (or, the teacher can have the photo preloaded).

2. The student will draw the state using Masterpiece. When finished, the student will identify the state, the capital, and 5 unique facts of that state. The student will draw / color all essential elements of this project including the graphics and wording for the facts.

3. The entire project will then be displayed alphabetically or by region on the classroom wall for all of the students to use.

**Facts to consider**

- Capital city
- Sport team
- Major industry or crops
- State bird, flower, flag
- Famous people associated with that state
- Other fact about the state

**Variation**
Students can do all of their notetaking and drawings inside the outline of their state. Next, students can cut out the state and piece them all together on the classroom wall. This will reinforce the knowledge of their geographical region.

Rocks and Minerals

By Osmo

Grades
4th / 5th / 6th

Environment
Individual stations, Groups of 2-3

Materials
Osmo base + Osmo Words app +
Letter tiles + iPad 2 or higher

Objective
CCSS 4.ESS1
CCSS 4.ESS2
CCSS 5.ESS2
CCSS MS.ESS1
CCSS MS.ESS2
CCSS MS.ESS3

Spelling Words
coal  metamorphic  lava
conglomerate  sedimentary  granite
 crystal  marble  basalt
geologist  pumice  mantle
limestone  sandstone  crust
magma  shale  inner core
igneous  volcano  outer core

Difficulty Levels
Easy: More common/familiar terms
Medium: Less familiar terms, some w/ letters shown
Hard: Entire word for most challenging terms

Activity

Part 1 - Before the Lesson
1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar:
   https://my.playosmo.com/words/public/album/1kgaesk5rsw
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2 - After teaching about rocks and minerals
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘Rocks&Minerals’
3. Hit ‘Play’
4. Have students compete or work together to figure out the term and its spelling. Some might need to have additional material to refer back to for definitions and descriptions.
5. When students are stuck, encourage them to use process of elimination from a glossary or vocabulary list.
6. After everyone is finished, go over one round of the game altogether to answer questions.
**Geography**

**States and Capitals**

By Osmo

---

**Activity**

**Part 1 - Before the Lesson**

1. Go to [www.my.playosmo.com/words](http://www.my.playosmo.com/words) on the iPad
2. Create an account
3. Enter link in the URL bar: [https://my.playosmo.com/words/public/album/1p8yof3ztog](https://my.playosmo.com/words/public/album/1p8yof3ztog)
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.*

**Part 2 - After teaching about rocks and minerals**

1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘States and Capitals’
3. Hit ‘Play’
4. Start the lesson by having your students play on ‘Easy.’ If they are new to states, have them play a second round on ‘Easy.’ Once they are familiarized, have them play ‘Medium’ which has no hints!
5. Play ‘Hard’ and ‘Very hard’ if you want to challenge your students’ knowledge on state capitals!
6. Give your students printable maps or states/capitals index lists when the pace is going slow.
**Music**

**Gallery of Composers**

By Cathy H., Watertown Unified School District

**Grades**
4th / 5th / 6th

**Environment**
Individual stations, Groups of 2-3

**Materials**
Osmo base + Osmo Masterpiece app + Drawing utensils + iPad 2 or higher

**Objective**
Students will explore the life of a composer and draw a picture of that composer using Osmo Masterpiece. They will be able to communicate facts about the composer by writing a short bio of him. In the end, print the pictures they have drawn and place them on a wall to form a gallery of composers.

**Activity**

1. Students are given a composer to research either in a small group or individually. They must come up with simple facts about the composer such as birthplace, brief life story, compositions, and instruments played.
2. Then, they will write a short essay on the composer.
3. Next, the students will use Osmo Masterpiece to draw a picture of the composer. Photos of the composer should be pre-downloaded onto the iPad camera roll or have the students find a photo on their own online. Make sure the photo of the composer is a copyright free to use.
4. Pictures of the composers should be printed and matted.
5. Place pictures on the wall or hallway to form a gallery so others can learn too!

Music Symbols and Notes
By Osmo

Grades
4th / 5th / 6th

Environment
Individual stations, Groups of 2-3

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher

Objective
Go over every note and symbol with the help of Osmo Words! This activity will help your students better recognize core music concepts visually.

Terms
- treble clef
- staff
- bass clef
- forte
- piano
- crescendo
- decrescendo
- bar line
- double bar line
- natural
- repeat
- whole note
- half note
- quarter note
- flat
- sharp
- time signature
- key signature
- fermatta
- eighth note

Activity

Part 1 - Before the Lesson
1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar:
   https://my.playosmo.com/words/public/album/1q60lhn4ohs
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2 - After reviewing each musical concept with your students
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘Music terms and symbols
3. Hit ‘Play’
4. Difficulty is based on the complexity and familiarity of the note/symbol.
Music

Musical Instruments
By Osmo

Grades
4th / 5th / 6th

Environment
Individual stations, Groups of 2-3

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher

Objective
Students will be challenged not only to identify instruments, but to also spell them. Have them name each instrument to win points or work with each other!

Terms
flute  bass drum
clarinet  timpani
oboe  marimba
bassoon  chimes
alto saxophone  piano
tenor saxophone  crash cymbals
trumpet  gong
trombone  violin
euphonium  viola
tuba  french horn

Activity

First Day of School

About Our Class

By Jennifer A., Montclaire Elementary School

Grades
K-6

Environment
Students are split into two groups with least 6 students per iPad

Materials
Osmo base + Words for Osmo app + at least 2 iPads

Objective
Help students get to know each other and become acquainted with a new classroom or school. Students practice spelling / sounding out words they hear collaboratively.

Variation
Project the game using Apple TV and have students play as one group, alternating turns for letters. For younger students, teachers create the album.

Activity

Part 1

1. Divide students in two groups, one iPad for each group.
2. Each group starts off by taking photos of each other with the iPads (with the teacher’s help).
3. Students login to my.playosmo.com/words for creating a new album. Click ‘Create your own.’ Then, upload the self photos to Words game and input the spelling of their names.
4. Extra Bonus: Students can upload a photo of their favorite animal or a place they’ve visited. This process gets students talking and learning the preferences of each other.

Part 2

1. Set up multiple stations and form groups of students. In each Words app, click on “Download to iPad” to start playing your own album.
2. Students then work together to figure out and spell the keyword.
First Day of School

Getting to Know Our Classroom

By Osmo

Grades
K-6

Environment
Groups of 2-3

Materials
Osmo base + Osmo Words app
+ Letter tiles + iPad2 or higher +
Paper + Writing Utensil(s)

Objective
At the beginning of the year, students will review classroom rules and procedures.

SL.1
SL.3

Activity

Part 1 - Before the lesson
1. Go to my.playosmo.com/words for creating a new album
2. Click ‘Create your own’
3. Upload a picture for each classroom rule or procedure
4. Once the picture is uploaded, click on it and input the word choice (ex. pencils or bathroom)
5. Click ‘Download’ to install to the iPad
6. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only the classroom rule album you created and downloaded.
3. Hit ‘Play’
4. Have students start on Zen mode in easy level. This encourages teamwork in a learning environment. After one round, have them play medium level on Zen mode.
5. If there is time, challenge them to play on Versus mode.
6. Bonus For each photo, have the students discuss and write a complete sentence explaining the corresponding rule.
First Day of School

“Lilly’s Purple Plastic Purse” by Kevin Henkes

By Osmo

Grades
2nd / 3rd

Environment
Individual station, Groups of 2-3, or whole class using projector

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher + “Cloudy with a Chance of Meatballs” by Judi Barrett

Objective
Using framework of Common Core, students will learn new concepts from classic children’s books.

RL.2.7
RL.3.7
RF.2.3.F
L.2.2.D
L.3.2.F

Difficulty Levels
Easy: Easy to guess
Medium: Less obvious
Hard: Entire word for less obvious words, compound words
Very hard: None

Activity

Part 1 - Before the Lesson
1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar: https://my.playosmo.com/words/public/album/1ksbwjczy8
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.

*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2 - After reading “Lilly’s Purple Plastic Purse” aloud
1. Ask students how they felt on their first day of school. Connect with them about Lilly’s behavior before and after.
2. Open the Osmo Words app and click on ‘Library’
3. Deselect all other albums and select only ‘Lilly’s Purple Purse’
4. Hit ‘Play’
5. Students guess and match the correct letters for keywords in the book. Encourage them to use their letter tiles wisely by using common vowels and consonants first.
6. Some photos may be hard to guess - be ready to give hints!
Art

Draw a Self Portrait
By Osmo

Grades
3rd / 4th / 5th / 6th

Environment
Individual or station *Max 1 student per iPad at a time

Materials
Osmo base + Masterpiece for Osmo app + iPad
Paper + drawing utensils

Objective
Students draw portraits of themselves using a photograph as a guide.

Activity
In this workshop, students will get to experience the process of taking a self-photo and sketch out their own self portrait.

1. Each student gets their own iPad.
2. Assisted by a teacher or classmate, students will start by taking a selfie with the iPad, making sure it saves to camera roll.
3. Teacher will demonstrate the process of choosing an image to draw from the camera roll and changing the visible lines. (Students will gather around 1 Osmo and iPad station, or you can use a projector for the demo.)
4. Students go back to stations to begin tracing their photo and drawing a self portrait.
Art

Gallery of Composers
By Cathy H., Watertown Unified School District

Grades
4th grade and up

Environment
Individual stations, Groups of 2-3

Materials
Osmo base + Osmo Masterpiece app + Drawing utensils + iPad 2 or higher

Objective
Students will explore the life of a composer and draw a picture of that composer using Osmo Masterpiece. They will be able to communicate facts about the composer by writing a short bio of him. In the end, print the pictures they have drawn and place them on a wall to form a gallery of composers.

Activity

1. Students are given a composer to research either in a small group or individually. They must come up with simple facts about the composer such as birthplace, brief life story, compositions, and instruments played.
2. Then, they will write a short essay on the composer.
3. Next, the students will use Osmo Masterpiece to draw a picture of the composer. Photos of the composer should be pre-downloaded onto the iPad camera roll or have the students find a photo on their own online. Make sure the photo of the composer is a copyright free to use.
4. Pictures of the composers should be printed and matted.
5. Place pictures on the wall or hallway to form a gallery so others can learn too!

Draw Chinese Characters with Masterpiece
By Osmo

Activity

Students will use Masterpiece for Osmo to make Chinese language characters.

Part 1 - Before the Lesson

1. Search the web for “Chinese character practice sheets generator” or take a photo of a practice sheet using your textbook.
2. Once you’ve found the practice sheet(s) you’d like to use for the lesson, send the image to each iPad’s camera roll.

Part 2 - With Students

1. Demonstrate Masterpiece for Osmo. Students will gather around 1 Osmo and iPad station, or you can use a projector for the demo.
2. Students are instructed to open Masterpiece, go to the Camera Roll and select the practice sheet.
3. Instruct students to grab a pen and paper and begin tracing the strokes on Masterpiece.
4. Bonus: If you need help remembering what a set of characters means, after you’ve finished practicing it, you can draw a picture that represents the meaning to you.

Grades
K-6

Environment
Small group (Maximum 2 Students per iPad.)

Materials
Osmo base + Masterpiece for Osmo app + iPad
Paper + drawing utensils
Optional: Any Chinese language textbook.

Objective
This activity is appropriate for an art, language class, or as an activity station. Students will learn to write different language characters for the first time or skilled students can deepen their practice and create compositions.
Cooking

How Do You Spell Tomato?
By Osmo

Grades
K-6

Environment
Individual or station, Groups of 2-3

Materials
Osmo base + Osmo Words app + Letter tiles + iPad 2 or higher

Objective
CCSS R.F 2.3.B
CCSS L.2.2.D
CCSS L.3.1.B
CCSS L.3.2.E
CCSS L.3.2.F

Spelling Words
pineapple strawberry mango
mushroom kiwi banana
cherry watermelon broccoli
corn pear lettuce
onion tomato apple

Difficulty Levels
Easy: 1-3 consonants for common fruits and vegetables
Medium: 50-75% of the word for all fruits and vegetables
Hard: Entire word
Very hard: Entire word in plural form

Activity

Part 1 - Before the Lesson
1. Go to www.my.playosmo.com/words on the iPad
2. Create an account
3. Enter link in the URL bar: https://my.playosmo.com/words/public/album/1jq24rqaoe8
4. Click ‘Download to iPad’
5. Congrats! Now you have the album available in your Osmo Words Library.
*If you are using multiple iPads, go to my.playosmo.com/words on each iPad, log in, and download the album.

Part 2
1. Open the Osmo Words app and click on ‘Library’
2. Deselect all other albums and select only ‘Fruits & Veggies’
3. Hit ‘Play’
4. Have students start on whatever level you find best fits their spelling skills on Zen mode.
5. After one round, have them play the next level on Versus mode. Remind them that some fruits and vegetables have short and long names, such as ‘peas’ and ‘green peas.’
6. Challenge them to play ‘Very Hard’ if they finish early or during break time.
Cooking Styles
By Osmo
